Ch-Ch-Ch-Changes

— David Bowie

Why us?!? Why not the freshman or junior high? These were some reactions to the first change of the year, locker sharing. It took awhile to get used to the pushing and shoving (especially at lunch), but it was not so bad after awhile.

Another major change was the new football field. We came back to find a bulldozer plain full of rocks. It would be a long time before the field was finished and the rocks all gone, but it was adequate enough for the P.E. classes.

There were also slow but noticeable changes in Building 13. It seemed like forever waiting for it to be ready for use ...

As for changes in people, they were for the better. Donna Sheets said, "Everyone seemed more kicked back and not as hostile, which is good."

Yep, things seemed to be looking up for us, one way or the other. Now, if we could only have a longer lunch ...

Fashion

— David Bowie

What exactly were LHS students wearing this year? Well, there were many different looks on campus, the most noticeable being the epidemic of bright dressing. Neon colors of mind-bending effect were . . . Vivid! On the other end of the spectrum, dark dressing retained its popularity. Various shades of basic black were still the classic colors. Guess? was still a popular name (for those who could afford it!), but more affordable chic names seen around campus were Esprit, Jag, and Chams, as well as some others. Numerous styles and fashion concepts could be found at Lu Hi; in fact, we've barely dented the surface!

"On your mark, get set go." "Let the games begin!" That is how we started our Homecoming '84 "Southern California style." Everyone joined in and it was great. The whole week came off exciting. We played such games as the balloon bop, tennis shoe scramble, volleyball, and the tri-Lutheran. The Coronation was beautiful; everyone participated in making this "a night to remember." The faculty showed in their skit the different personalities of California, as did the cheerleaders. Finally came the day of the big game. The C.O.C. football field was razzing with excitement as everyone was filled with Lion spirit. We won the game against L.A. Baptist 50-0. What a way to win! The Homecoming dance soon came and went and it was time for Homecoming to end, but for years to come this will be one of the best Homecomings ever.

What's new? Eight teachers who go by the names of Gordon Bredow, Waldo Cloeter, Stanley Daugherty, Liisa Glandorf, Steven Glandorf, Elizabeth Opel, Gary Seitz, and David Vanderhyde. They hail from such places as Nebraska, Iowa, Michigan, Illinois, Orange, and Van Nuys, but have joined forces to bestow their knowledge upon us, the students. Some of the qualities that they value here are friendliness, supportiveness by the administration, and caring from the students.

They enjoy such hobbies and interests as sports, reading, dancing, singing, photography, drama, music, traveling and family life.

As expressed by Mr. Seitz, "Supportive administrations, a caring faculty, and students who value their education, as well as the joy of sharing Jesus with students, are the things that inspire teachers to teach." Hopefully they will continue to be inspired for many years to come.

Old World, New World

Hard Habit To Break

Our teachers have greatly supported us. Although they are first thought of for assigning hours of tiresome homework, they are remembered as true friends as well as respected teachers.

When the school year began, several teachers commented that the students had potential for making the new school year a success, academically, spiritually, and athletically.

At the beginning of the year many of the teachers were curious as to what the new school year had in store for them. Curiosity was doused by the time school got into full swing, because things looked much smoother and clearer.

One of the major questions that teachers had was the question of whether the new class schedule proved a success. "The new schedule makes it easier to organize, and there is more time to prepare for class," said Mr. Steve Borth. They were also pleased because the classes met every day. "The slip schedule did not allow enough class time, and most students were unable to handle eight classes," replied Mrs. Malousis.

The faculty enjoyed school life here because of the loving atmosphere. "I truly enjoy the students; no two are alike so every day is an adventure," said Mrs. Craig. Another important aspect of school was the small student body, which allowed strong student-teacher relationships.

When asked what the students could do to make school a better place, Pastor Christansen replied, "Students should be more responsible and respect the property of others and that of the school." Maybe next year Mr. C.

Our House

Just as any normal family grows and changes, our house at LHS has been opening new doors with changes in the administration. The responsibility of authority went to Dr. Alfred Roth, as our new acting principal. Rev. Ed. Krueger, Executive Director, and John Komar, Director of Development, had to deal with growth and remodeling. Pastor Keith Christensen, appointed "Dean of Students," kept the students in line, while Miss Cheryl Rieck took care of schedules and records as Registrar. Mr. Jake Marty and Dudley Wiest continued to help, direct, and support students with their very caring counseling programs.

Many questions and decisions faced the Board of Directors, and answers had to be found concerning the changes on campus, such as the refurbishing of Building 13 and completion of the football field.

Another door opening was the office staff with the addition of new secretaries. They worked hard to maintain peace and organization, making sure everything ran smoothly. Without them, there would have been madness.

Car Trouble

— Adam & The Ants

Had you ever wondered just exactly who watered the weeds, sanded your name off the desk, and drove that blue half-of-a-van around the campus? Well, Angel Bestida and Raul Castro watered the weeds. As for the desks, it was Ricardo Martinez. And, they all used the van, but mainly Jaime Castillo, Manuel Riveria, and Jose Martinez, the janitors.

"They're a nice bunch of guys and really excellent workers," said Mr. Brownlee, head of maintenance. Mr. Brownlee, who has headed maintenance for us for four years, said that he enjoys working here. I enjoy the atmosphere, the kids, and that there's something new everyday," he said. He also likes working in a place where there is always room for improvement.

The bus drivers have been another big help. Although we no longer employ our own, they have proved just as reliable. Up as early as 4:30 a.m., and coming from as far as Long Beach, our students were delivered on time almost everyday. Mr. Leisheidt, who controlled the buses, said that he received no complaints from the bus drivers or the company. However, there were some from the students. There are too many rules and not enough room," said Becky Perling and Julie Howard.

Feed Me to the Lions

Adam and the Ants

"Hey you, get back over that chain!", yelled Mr. Koch. "Come here." As the color slowly drained from the little junior high student's face, he turned around to confront the most heated face he had ever seen in his whole short life. As the words "I'm dead" pounded in his head, that mean face suddenly turned friendly. "All that you have to do is go around," Mr. Koch softly said. The junior higher dumbly nodded and ran out of the cafeteria as fast as he could. Mr. Koch sighs; a day in the life of running the Lion's Den.

"I really love the kids; they're great and there's nothing like 'em," said Mr. Koch, who started the Lion's Den six years ago. He also said that, although it's small, it's quite adequate for school needs and has worked fine.

As we know it was adequate for students' needs too. By third period everyone's stomachs were growling, and we needed French fries or pepper bellies or **something!** And of course, Mrs. Jennings had the cafeteria all ready and the food set out when lunch arrived.

Critical to our financial support of Lutheran High School are the Build and Booster Clubs. The Guild, directed by President Donna Isaac, has raised substantial funds primarily through the thrift stores and other fundraising activities. Two of the major projects of the Guild this year are helping to finance the renovation of building 13 and to supply the equipment for the science rooms.

Supporting the athletic department and other school functions is the Booster Club, under the direction of President Norm Tashman. Through such fundraising efforts as operating food booths at athletic events, Christmas tree lots and sale of sports books, the Boosters are able to provide funds for many related athletic functions.

The Cross-Country team was blessed this year with a new coach ... again. Hopefully, Liisa Glandorf will be staying for a while. The team appreciated Mrs. Glandorf's strength and intelligence, apparent in the team's great success. They received first place in both the Bell-Jeff and Orange invitationals.

One of the goals set by the team was to compete in CIF. Due to the weakness of their league competition, this goal was easily achieved. Personal goals included setting record times and receiving medals, most evident in the times turned in by Mark Steuer, Derrick Booth, and John Gillison. The great honor of going to CIF finals went to Mark Steuer, the winner of the Orange Invitational.

Although there were not enough girls to make up an official team for league competition, a few dedicated girls did show up and run in all the meets.

Dancing With The Big Boys

— David Bowie

It seemed like a day for upsets. USC defeated the University of Washington, and loyal Lion fans believed our varsity football team would dominate and defeat our rivals from Montclair Prep. The Lions dominated that game in virtually every aspect, but failed to win. When asked his feelings of the game, Coach Taube replied, "I was disappointed by the outcome of the game, not the performance of the players."

This was not how the season went, though. However disappointing the final game for first place was, the season itself was one of marvels, including four shut-outs, one of which was a 50-0 stunner against arch-rival L.A. Baptist, and a 27-0 romp over Webb.

Going into the new season, the coaches questioned who would fill the positions from the previous year. The returning players surprised fans by playing beyond their expectations. "The new

players filled the positions that we questioned," said Taube.

When asked what helped the team most to have a successful season, Coach Taube stated, "The team bounced back from injuries and because of these, it made them a closer more unified team."

Teamwork, hard practice, and determination helped the Lions to a 6-1 record in league play and a 8-3-2 record over-all, which included the CIF playoffs.

Many players played outstandingly and received all-league honors. 1st team players included: Scott Yurek, Andre Wilson, Dondre Bausley, Ivey Daughtry, Steve Schwochert, Bill Bailey, Eric Jaeger, and Tim Koch who also received recognitions for being the best defensive player in league and in the valley. 2nd team honors went to Steve Young, Todd Arnold, Greg Patzkowsky, and Greg Rozsa.

Despite having many inexperienced players, the J.V. football team met their opponents' challenges. The Lions finished their season with a 2-5 record in league and a 3-7 overall record. "Our greatest disadvantage was a lack of returning lettermen," commented coach Staie. Only four players returned from the previous season.

The coaching staff described this season as disappointing, but also a growing experience. "I especially enjoyed working with a core of 13-15 guys who were real hard workers; and they knew who they are," coach Staie said. Although inexperienced, these young players show potential for the coming years.

League championships are hard to come by, and a perfect league record is a dream all coaches and teams have. Our JV volleyball team made this dream come true with a 14-0 record. Overall talent and determination gave them a first place finish in the Alpha League.

With only two returning JV players, Karin Penston and Becky Perling, the team members had to overcome inexperience and develop their raw talents. They did just that, defeating most of their opponents in two games. They also had to overcome injuries, such as Becky Perling's broken foot. Coach Freudenberg did a fine job of overcoming these hurdles and led his team to a championship.

Don't Try to Stop it

— Roman Holiday

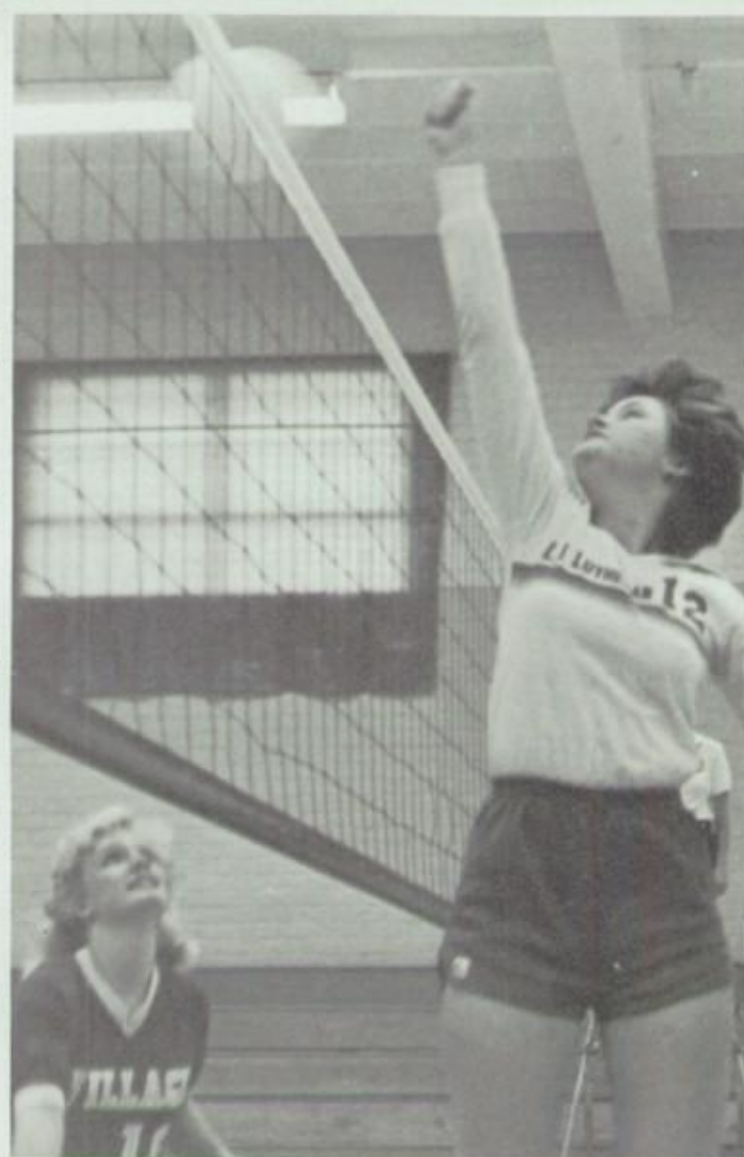

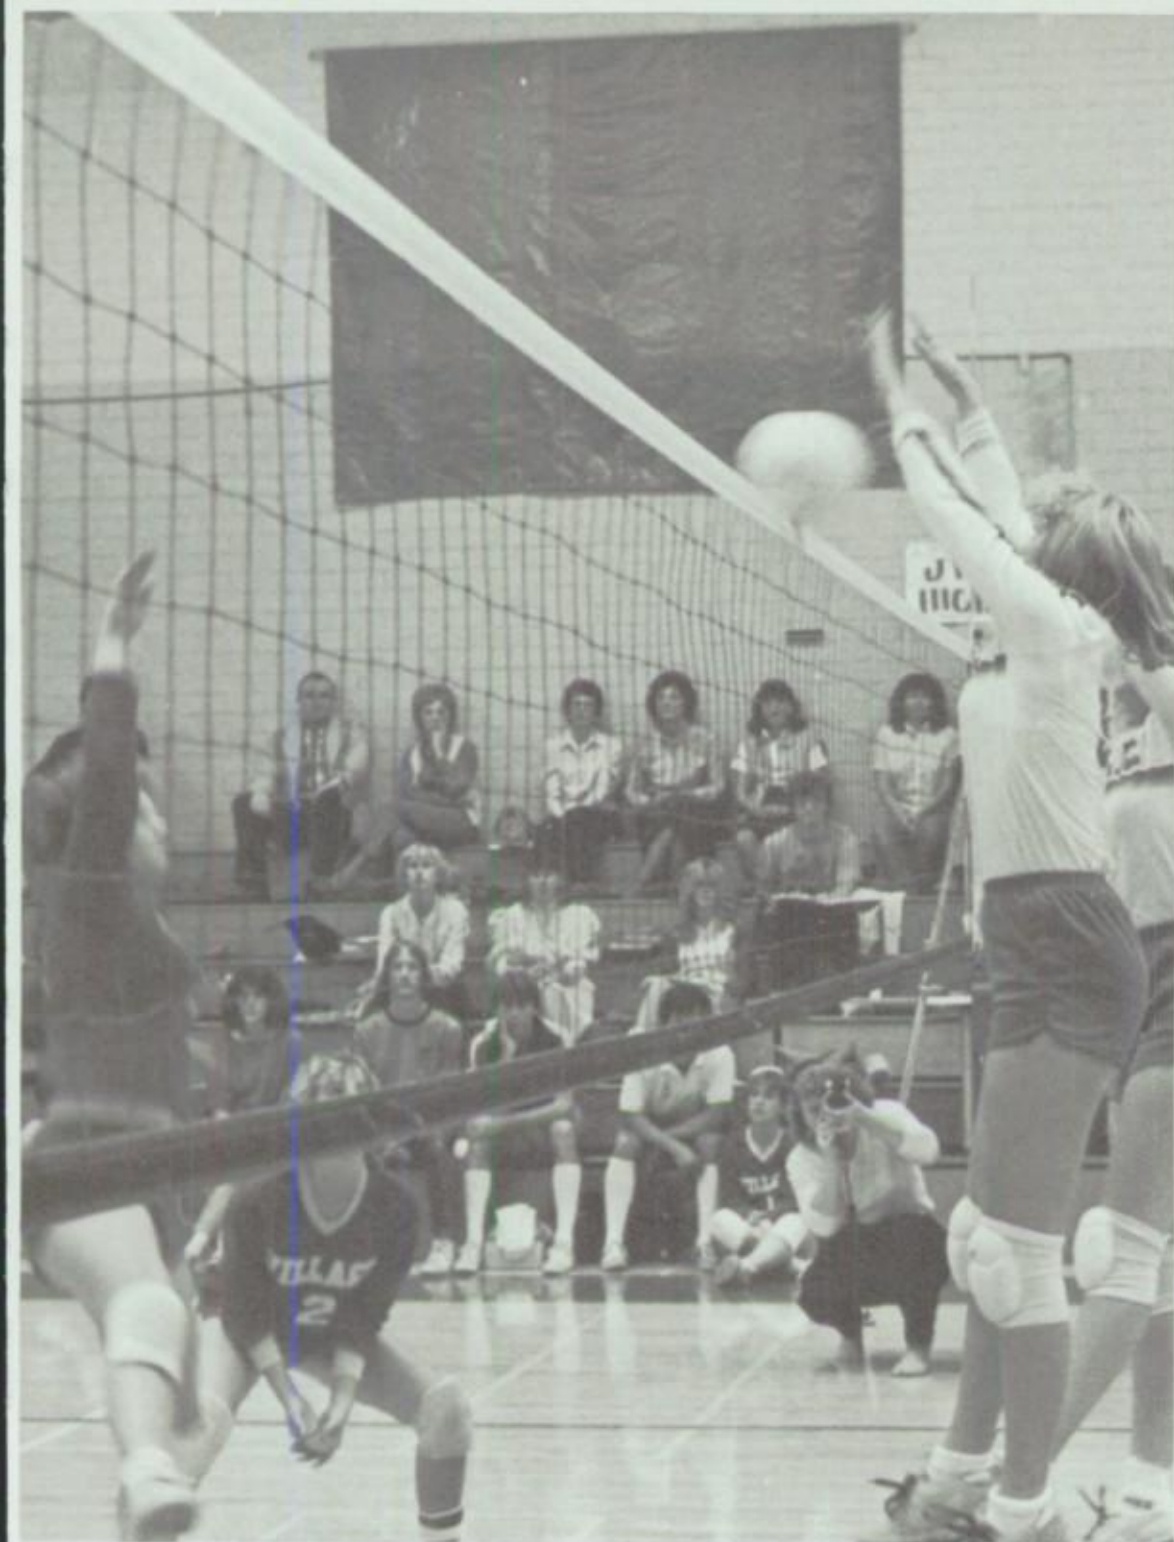

Experience is what made up this year's varsity volleyball team. Karen Hofmann and Susie Good, served as this year's captains.

League play began with six straight wins. One of the goals this year made by the team was to beat arch-rivals, L.A. Baptist. The girls came close but were defeated. However, this didn't hold them back. They continued to roll over teams, but faced a setback as Karen Hofmann was forced to sit out the rest of the season with a broken leg. But the girls adjusted, and continued to play effectively. Second place was given to them when they finished up the league season.

To make CIF playoffs was another goal of the team, which was accomplished. But the Lions lost to the Flames from Melodyland, who later became the CIF 1A champions.

Learning basic skills and gaining high school experience are what most freshman volleyball teams want to accomplish. But this year's team has been blessed with talents that made the team good right from the beginning, giving them a 14-7 record.

Captains Susan Dueker and Colleen Moore led the team to work hard. Maricela Lopez and Colleen added the height needed at the net to intimidate their opponents, while the quickness of Shelby Dugan and Susan kept the team running smooth.

The Junior Varsity Cheerleaders consisted of Captain Christa Hurty, Co-Captain Julie Maas, Paula Bolden, Julie Pope, Linda VanDerripe (sophs.), and Elaine Astete (jr.). These talented girls started their season at NCA summer camp where they won the Spirit Stick. They continued their success in supporting their teams through football and basketball seasons.

The Freshman Cheerleaders were Captain Susan Dueker, Co-Captain Colleen Moore, Shelby Dugan and Stacy Genteel. Being picked so late in the year presented them with the challenge of learning and making up all their cheers very quickly. They not only accomplished this but showed a great deal of spirit and potential in their cheering.

The flag squad took on a new meaning at L.H.S. At half-time of the football and basketball games, they provided entertainment. They performed to some of the more popular songs of the day.

The flag squad showed us some of their creativeness in the routines, as new twirls were beginning to show up. Some of the routines were harder than others and showed much more excitement. One of the routines was slow, quite unusual for flags, done to "Torture." When asked about the routine, Shanteria Christmas, of the squad members said, "I don't feel I could have gotten the crowd excited because I wasn't excited about it myself."

The flag squad consists of four members: **Krystal Whitmore**, captain, **Tracy Flournoy**, **Shanteria Christmas**, and **Erika Holiday**. With three of the members being seniors, future squads will be primarily inexperienced girls. All the girls contributed to make the performances memorable.

Something new! Song Leaders are a new addition to the pep squad. They consist of eight members, **Susie Good**, and **Valerie Ratzak** as co-captains, and the rest of the squad as follows: **Tammy Knutson**, **Paula Arterberry**, **Debbie Fisher**, **Yvette Munich**, **Jenny Talbot**, and **Lisa Varela**.

At football games the song leaders served as a pre-game show. They danced, jumped, and kicked with enthusiasm, showing tremendous spirit. The performances were to some of the latest music.

L.H.S. has never had a squad of song leaders, although, there was at one time a drill team. The song leaders were under the supervision of **Miss Beth Opel**, another new addition to the pep squad family.

Some routines were made up by members of the squad, others were learned at camp, over the summer. While at camp, the song leaders received an award for the most improved squad. They may prove to be what L.H.S. has been striving for.

Something Girls

"Are you ready for a thrill?" asked the Varsity Cheerleaders. The judges of the National Cheerleading Association (NCA) National High School Championships awarded them the eleventh place in the nation. They won second place in the Six Flags Magic Mountain Cheerleading Championships. They received both the Award of Excellence and the Spirit Megaphone Award of NCA summer camp in Fresno. They were greeted with standing ovations from both our own and opposing crowds. Evidently, the answer was yes.

Led by Coach Lesa Strickland, Captain Michele Earle and Co-Captain Wendy Hovland, squad members Lori Dow, Shannon Dugan, Ramona Farrington, Stacy Kim (Srs.), Tammy Haylock, and Gilfert Jackson (Jrs.) had a very successful and enjoyable year. They received added support from manager Karen Hofmann, Sponsor Beth Opel and wonderful parents.

Under Pressure

— Queen & David Bowie

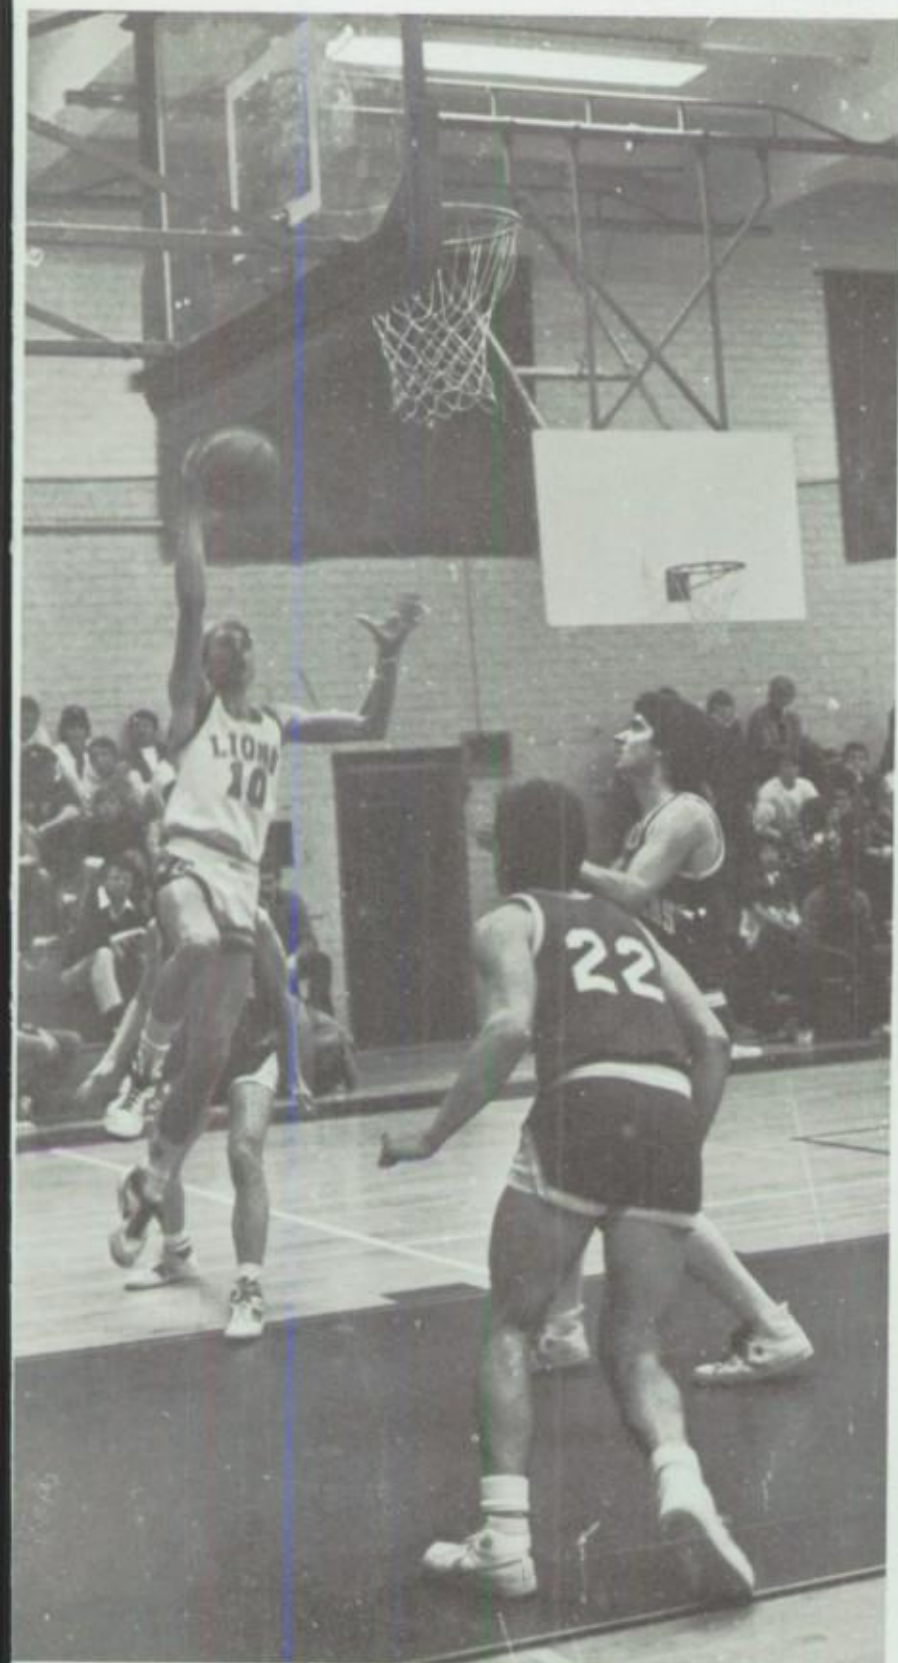

Pressure . . . that was a major load that the defending 1A C.I.F. champions had to carry this year. Only having four returning varsity players (Cedric Bailey being the only returning starter) and adjusting to a new coach, Gordon Bredow, the season was faced with many challenges and struggles. But our Lions proved themselves, going to C.I.F. playoffs for the 13th straight year.

Many goals were reached, such as beating arch-rival L.A. Baptist. They started off the year playing well in a Carpenteria Tournament, taking second place to Whittier Christian. Captain Dondre Bausley was named to the All-Tournament team.

After defeating Marshall for third place in league, the Lions were on their way to the 1st round of play-offs. They faced the Crossroads from Santa Monica and were defeated 83-68. Even though the Lions were overpowered by Crossroads' height, they played a strong game, leaving the 1984-85 season with pride.

Sweat

A typical J.V. basketball team usually consists of players whose strength needs to be developed and their goal is to improve fundamental skills. However, this team was not a typical J.V. team. After the boys learned to work together, they ended up with a very strong, physical team.

The Lions roared right into league play, beating their first five opponents, including L.A. Baptist. They suffered only five losses in league, losing only to Montclair Prep twice. They ended up with a third place in league. Mark Lewis stated "Because of our physical strength we did well this year and should do very well next year."

Being the underdog is something the freshmen basketball team had to face. Determination and hard work had to make up for the disadvantages. However, they displayed their talents and proved that they were good ball players by improving a great deal over the season.

They started off playing in a Valley Christian Tournament, making it to the finals of the consolation bracket. Soon, league started and the Lions had their ups and downs ending up with a 3-5 league record. Key players such as Steve Dempsey, Brian Wilson, and Jarrod Bible are going to add to Lutheran basketball in the future.

If anyone thought that the varsity girls' basketball team would not uphold the basketball tradition at Lutheran High, he was quickly proven wrong. The varsity team has, for four straight years, advanced to the CIF play-offs. The team's season record was 14-5, and the girls felt that the only thing that could have been better was to have beaten Marshall Fundamental.

The team consisted of one freshman, three sophomores, one junior and six seniors. Team captains Karen Hofmann and Janet Ralph saw the girls as an extremely united group that stuck together and encouraged each other.

The girls put out 100 percent, and that is all one can ask for. They felt that the coaching was good and they worked well together.

Congratulations on the terrific season, and good luck in future years.

The team consisted of seven freshmen, three sophomores, and one senior. The J.V. team found this a very challenging season.

Kick

What started out to be a promising season turned into a less than what was anticipated year. In their first game they beat Whittier Christian, a hard-to-defeat Olympic League team, 1-0. Valley Christian then beat them 11-0 in their second game. So much for that "nothing can stop us now" feeling.

But towards the end of the season, "They peaked and played with more spirit and intensity," said the team's coach Mr. Steve Borth. Of the last four games they won two, lost one, and tied one. They ended with a 5-13-1 record overall. Said Mr. Borth, "The team learned a lot about accepting setbacks and remembering the real purpose of the sport: to teach self-discipline, teamwork, sportsmanship, and fun."

With only six returning lettermen, a lack of speed and size, and a few injuries, the team was hurt quite a bit; but still they placed fifth in the Alpha League with a 3-8-1 record.

There were some outstanding individual plays from team captain Tom Gannon, as well as from goalie Tim Petta, and had they been surrounded by a little more experience, the season might have been turned around. Although Coach Borth would have liked to repeat last year's C.I.F. appearance, he said, "Two major things prevented that: league got stronger and we got weaker."

Piece of Your Action

— Motley Crüe

It's the bottom of the seventh inning, it's tied up 7-7, and Tim Koch steps up. The catcher screams "Watch for the bunt!" Tim then replied "I ain't bunting." He then sent a towering shot over the right fielder's head then raced around the bases for a game-winning home run.

That wasn't the only exciting thing that happened in a year that was less prosperous than expected. The team emerged as champions of the Maranatha Tournament. As a team, that was about the extent of good things. But there were some pretty outstanding individuals, including Tim Koch and Tom Gannon, both senior captains; Paul Johnson, Gary Dempsey, and Mark Lewis, sophomores.

With many sophomores (seven) and freshman (one), the team is young now, but in years to come, as they grow together as a team, they will do quite well.

The Game

The junior varsity baseball team was coached by Alan Staie. He was well-liked by all of the team members who said it was his personality that kept them together. The team practiced mainly at Hansen Dam, the practices being daily and lasting about two hours.

Though the J.V. team did not always receive the support that varsity baseball received, the players seemed to support each other and give each other the motivation to win.

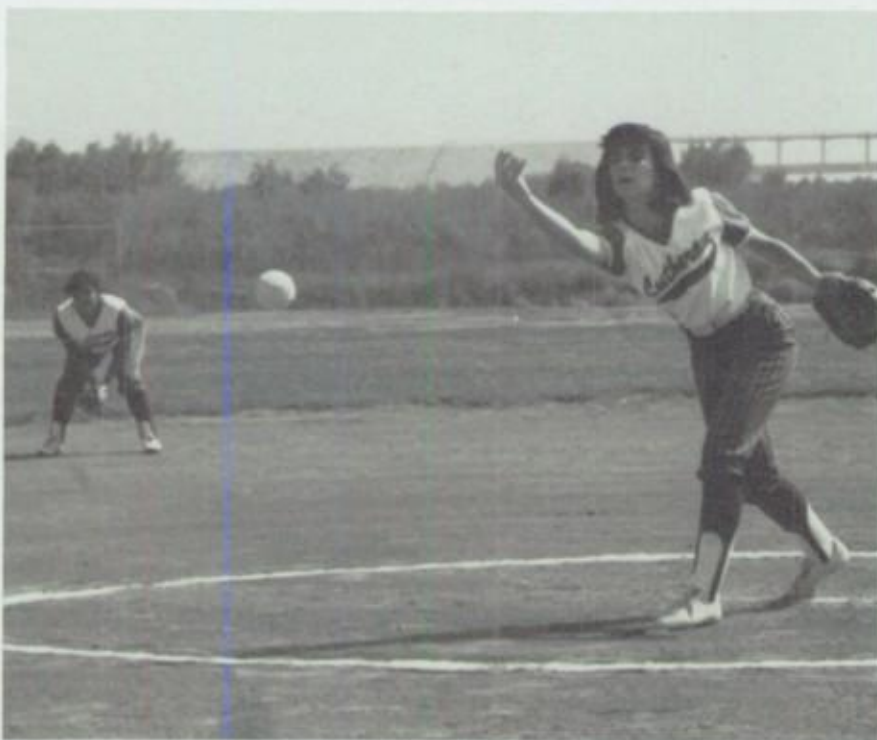

The J.V. team did its best to show Lion Pride. Through good and bad, the team members stuck together and fought hard, and in years to come they promise to be an excellent varsity team.

Junior varsity softball was coached by Beth Opel. The team was made up of 12 girls, primarily composed of freshman and sophomores. As did last year's team, the girls had a fairly uneventful season, but they worked hard to have fun and improve their softball skills.

Coach Opel did her best in training the girls and hopes to have a well-organized team in action for next year. Even though the girls lost quite a few games, they did their best and had a lot of fun.

We're Winners!

This year's varsity softball team was better than ever. Captains Alicia Isaac and Joanne Saxe led the team to a number of victories putting the team in 4th place in league. This is a first for the lady Lions, but not the only season highlight. They took consolation in the Western tournament, putting Alicia on the all-tournament team, another first.

The closeness on the team made the season a little easier for everyone. Beating Village Christian, the first-place undefeated team, made pitcher Susie Good very happy. She said, "She is one of the best pitchers in the league. I guess we have just improved." Maybe with all the improvement and dedication this year they can get the recognition they deserve.

Get Into the Groove

"In a couple of years they should be excellent, but they're just young now," commented senior André Wilson. His statement seemed to be the consensus on the track team: a lot of potential but little experience. Still, the teams did well under head coach Dave Schnurstein and Mrs. Liisa Glandorf. The boys' varsity team placed third in league and the girls' varsity team placed fourth. The frosh-soph team suffered from so many of the younger members running varsity and finished in last place.

Despite disappointments and some close calls, the boys lost both to Baptist and Carpenteria by 3 points and the girls lost one meet by 5 points. The team was close. "We've all become like one big family," commented freshman Susan Dueker. Junior Becky Perling added, "We have a lot of team morale."

Hyperactive

— Thomas Dolby

Hyperactive freshman? Some felt that the change from Jr. High was nerve racking.

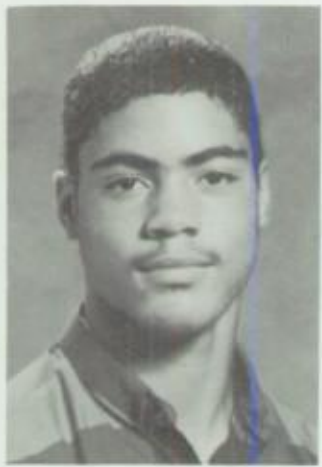

Initiation was looked forward to by seniors, but not necessarily by freshman. This was the time of year when the freshman and seniors really got to know each other. Susan Dueker said, "They had fun tormenting us, but they made it fun." "More fun than embarrassing," was Jeff Borchert's idea of initiation.

There were strange things going on during this week. Freshman were dressed in strange and outrageous clothes everyday. They had to do such things as pass a dime with their teeth, and sing the revised version of the fight song, written specifically for the seniors, and they were kidnapped one night. Seniors picked up their freshman as early as 3:00 a.m., many visiting the cemetery and the airport and then going out to breakfast. "Initiation brought many people closer together," said Shelby Dugan.

Homecoming was a week of fun and games. Classes competed against each other. The freshman tied for second with the seniors in the banner competition. All together, they came in last place. Colleen Moore observed, "Homecoming gave me a chance to learn what school is all about."

Some freshman feel that high school life is non-stop. They also feel that they have been made to feel welcome. When asked about high school life, one freshman replied that all of the kids have been helpful and friendly towards the freshman.

When asked to describe LHS in a sentence, Brian Wilson said, "A fun school to be a part of that's full of action." Brian Hiortdahl described it as a fellowship of classy people walking in the way of the Lord." Colleen Moore summed it all up as, "A high school that not only teaches a person academics, but a school that teaches you how to be a real person."

Young Guns

One, two, three, four, we are sophomores! This was part of a favorite cheer that was buzzing throughout the sophomores, class of '87. They have really come a long way since they were freshmen. They are one step higher and one year closer to graduating, yet sometimes they often wonder if their senior year will ever come. There were some additions to the sophomore class. At first, it was awkward for the newcomers, but they soon got the hang of things and now fit in like old pros. Within the year they all pulled together and proved their worthiness and succeeded well.

The class had strong leaders, such as class president Jeff Young. "We have made many improvements since our freshman year and we are constantly showing them," says Jenny Wagner. Many in the class feel that they have grown and matured together. The majority of the class has jumped into athletics whether it be cheerleading, sports, or a devoted sports fan. The class has great potential and a lot of talent. Sheri Rodnick says, "It's great; we are all the best of friends." They appeared to be quite close. They also enjoy each others company.

Tender Years

"Wait, I'm a **junior**? Oh, so that's what they call this!" was one junior's reply to the request, "Describe the junior class in one word or less." More conventional answers included "Kool-Katz," "demented", "elite" and "aggressive," all of which seem to paint a peculiar picture of the class of '86." To be brutally honest, the juniors were peculiar, but this made them blend in even better with general LHS atmosphere. The unique junior class started out slowly, but gained momentum as the year progressed. By Homecoming, the juniors pulled together to form an (almost) unbeatable team. Spirit was rediscovered, class ties renewed and a desire to win was instilled in the junior hearts. President Julie Barker enthused, "We became unified to the point that we set a goal and conquered it. The class showed excellent judgement in choosing their student leaders, headed by their president, Julie Barker. Tiffany Sorenson assisted her ably as vice-president, and Kim Nikisher was chosen as secretary. Heide Benham was the choice for treasurer, and Erika Holiday was named social chairman. Filling out the group were the class representatives, Becky Perling and Karin

Penston. This resourceful group valiantly faced the many problems they encountered such as lack of funds and mass confusion and helped maintain the general sanity.

One of the major responsibilities of the class was the '85' Junior/Senior Prom. Starting with almost nothing, the juniors managed to get it all going; creating fundraisers, and working long hours on decorations and planning. The Prom Committee consisted of the officers with additions of Donna Sheets and Kelly Edwards. Together, they found the way to make Prom '85 a memorable experience.

Looking back, the juniors were a very unified class. Being one of the smallest classes (eighty-five) also made the ties extra-close. The year was one of PSAT's and proms, driving and DWU (don't wear underwear-the junior class motto), parties, dating, depression, growing-up and (I almost forgot) U.S. history, algebra, and chemistry. Junior, Tammy Haylock, put it this way, "We're distinctive, unique, almost a family, and we're bad!" Watch out LHS, the class of "86" is comin' through!

FINE ARTS

Our senior year has come and gone
It seems like yesterday it just began
Our friendships have sprouted up and
down
But right now we're in our graduation
gowns
I wish you all success in your futures
You should always remember your life-
long teachers
Never forget the life of the past
because the 1985 grads
Will always have class!

Tracy Flournoy

Don't try to understand
accept circumstances
Don't try to change
accept yourself
Don't try to convert
accept others
Don't try to make excuses
accept responsibility
Always be willing
to accept a gift

Shannon Dugan

frost creeps upon the window pane, sighs
sadly in my ear
it speaks of winds that moan and change,
cries softly,
huddles near.
the window glass is cold and hard, the frost
wails with the pain
a pathetic pleading voiceless sound
the winter calls my name.
little does it know — that stupid, desper-
ate thing
the frost will melt and disappear
in the warming of my spring.

Children crying in the street
 Life has faded from their eyes
 Dreams that wither in the heat
 Hope is placed on foreign lies
 A rich man in his large estate
 Is on display for all to see
 A poor man sadly seeks his fate
 and sells his soul to destiny
 War is always close at hand
 The Soldiers sing a rebel's song
 Guns sound off across the land
 Until all signs of life are gone
 When truth is spoken, none will hear
 We shut our eyes when shown the light
 We choose to live our lives in fear
 And no one cares what's wrong or right
 In the darkness someone sings
 "When will all the fighting cease?"
 Love is found in simple things
 But when will we find lasting peace?

Julie Howard

What If . . .

Soccer went all the way
Oh What A Glorious Day
the sun didn't rise
Nothing Would Thrive
you had a perfect date
Possibly You'd Have Your Perfect Mate
you lost your best friend
Would Life Be At An End
you needed glasses
You Could Pass All Your Classes
your dog were to die
Would You Stay Home And Cry
there were no school
Could Anybody Call You A Fool
made love for the first time
Would It Be Considered A Crime
you were cool
Would Anyone Mistake You For A . . . Mule
I had stayed her friend
Then There Would Be No End

without the help of any gods
fighting hard against the odds
taking risks no one would chance
fight alone against the circumstances

striking, slashing, drawing blood
fighting my way across the mud
killing to save my own worthless hide
in a battle that's practically suicide

goes immense from nowhere appear
trying with their power to inspire fear
but in the world I fear practically none
fear itself is the only one

and when the day comes that I must go
I will, my raw true power show
and when it comes that I breathe my last
a bold image of me will be made fast.

Brad Arnold

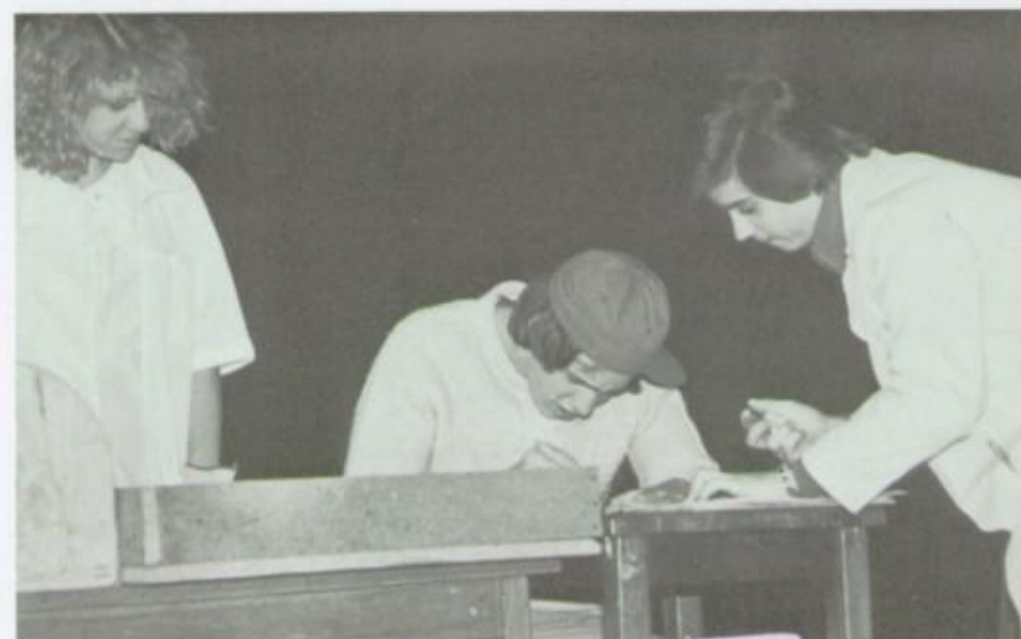

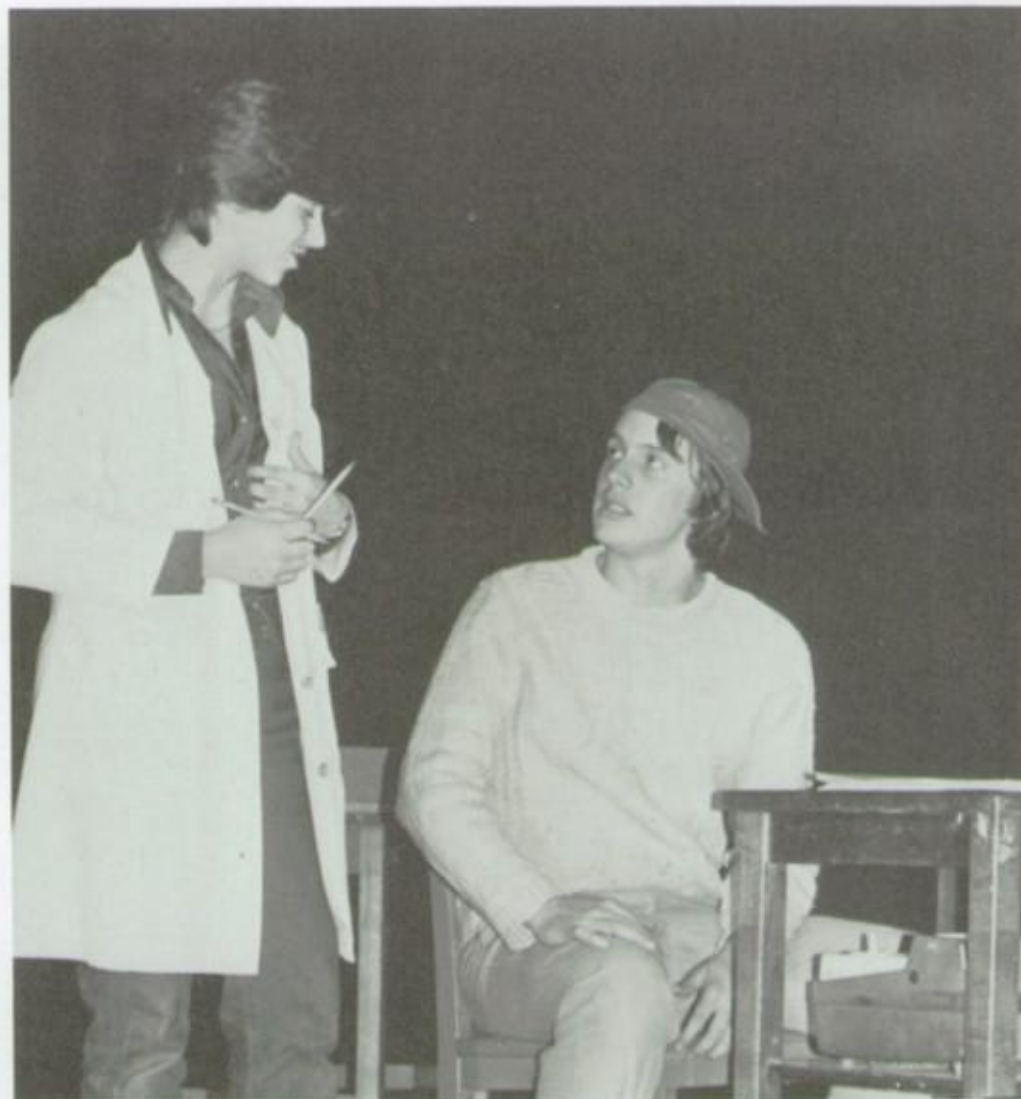

Why is growing up so tough?
The roads are so very often rough
We are constantly told to look to the things
But they are hidden and so hard to find
I know they are out there, please let me see,
the happiness that is meant for me.
My life seems hopeless
But I'm sure it is not!
God is always here, holding me together, keeping my spirits
up
Not letting me stop looking for the happy things.
Thank you Lord for the friends you have given me,
through the rough times
Please guide me Lord to the happy things, and
let me live my young life while it is still here
I want something to look back on and say,
"I am glad I did that"
Just please be there and help me through
I need you there when times are blue.

Middle: Mother and father (**Joelle Windust** and **Harold Gowan**) engage in a rather heated family discussion.

The Lutheran High Players produced their first play of the year, "Flowers for Algernon." It was a serious play which showed off the ability of the drama group. The audiences were large and responsive, and on the last night the cast was awarded with a standing ovation.

The players consisted of **Tom Dwight** and **Che'Rae Adams** in the leading roles, **Shelly Ferrel**, **Roxi Curtner**, **Joe Perling**, **Laima Lazore**, **Joelle Windust**, **Paul Reid**, **Harold Gowan**, **Becky Perling**, **Julie Howard**, **Kelly Edwards**, and **Brian Hiortdahl**. The stage crew included **Tammy Knutson**, **Carrie Nauman**, and **Holly Clark**.

The cast enjoyed working together and felt like a family as time went by. Everyone agreed with **Shelly's** comment, "This was a much larger cast than Godspell, but there was more of a family spirit."

Opposite Page Top: **Shelly Ferrel** thinks she's Batwoman.

Middle: **Tiffany Sorenson** observes as **Joelle Windust** and **Greg Ehrman** show how to get out of paying the cab fare.

Bottom: The excellent cast of "Harvey" stand for applause after the performance.

Is Superman just some guy in tights? Is the LHS varsity basketball team just another team? Is the drama department just another amateur group? Of course not!!

The drama department's winter comedy, entitled **Harvey**, casted **Eric Jaeger** as Elwood P. Dowd, **Joelle Windust** as Veta, and **Harvey** as himself. Also performing were **Todd Arnold**, **Corinne De Angelis**, **Greg Erhman**, **Shelly Ferrel**, **Joe Perling**, **Becky Perling**, **Garrett Schafer**, **Tiffany Sorenson**, **Tom Dwight**, and **Tim Arnold**.

Many of the players admitted that rehearsals tended to be long and very frustrating, as well as tough. Several times before the play was polished to perfection, director Steve Rauch seemed ready to pull his hair out when no one was taking rehearsals seriously.

However, the players stunned the audiences with three smashing performances. Once again they far surpassed their acting abilities and the expectations of all, generating tons of laughter throughout the performances.

Living In Oz

— Rick Springfield

Take a neurotic lion, a hollow tinman, a confused scarecrow, a desperately-seeking Dorothy, punkers, nasty teachers, good witches, bad witches, explosions, Munchkins, and Mr. Marty, and what do you end up with? No, not your first period class, but a wonderfully unique production of "The Wizard of Oz."

These unusual characters were played by: Donna Sheets as Dorothy, Greg Patzkowsky as the Tinman, Tom Dwight as the Cowardly Lion, Shelly Ferrel as the Scarecrow, Che'Rae Adams as the Wicked Witch, Carrie Nauman as the Good Witch Glenda, Roxi Curtner as Glanda the Good Witch of the South, Laurena Petta and Stephanie McNicol as the **very** nasty bad witches, Tim Arnold as Jeff and the Oz guard, and, last, but not least, Eric Jaeger as the Wizard of Oz (or Aaaahs).

The technical excitement was created by the terrific stage crew — Chad Stevens, Garret Schaffer, and Corine De Angelis, headed by Mr. Seitz. As usual, Mr. Rauch did an admirable job of holding it all together and directing.

Center: "Were off to see the Wizard . . ."

It's a Tuesday or a Thursday, and you're in chapel sitting on your comfy wooden bench, and of course you're thinking, "I wonder if Concert Choir is going to sing today?" If you were lucky, on certain chapel days you **did** get to hear an excellent performance by an extremely dedicated group of students. You

could also catch them at the outstanding Christmas and Spring Concerts. All performances were enjoyed very much by the audience, the performers, and their director, Mr. Gary Seitz, who enthusiastically commented, "They're my favorite Concert Choir!" But, Mr. Seitz, they're your **only** Concert Choir.

Were you ever in Mixed Chorus? A lot of us were in our freshman or sophomore years, either because we felt musically inclined or we didn't want to take art. Some mixed choruses were excellent, and some, well, we wish we could forget. This year, however, the choir was memorable because they were actually . . . good! Most of the students wanted to be there, and it showed. Also evident was the loving care Mr. Seitz gave to the individuals and their performances as a group.

Mr. Seitz, their director, worked harder than ever to involve the band in more activities. At the many events where the band appeared they never failed to get the crowd going.

L.H.S. Prom '85 — How-to in eight simple steps. Step one: Find a date (preferably someone you can manage to spend at least 12 hours with, without a major war). Step two: Find the Prom (this year, the Universal Sheraton). Step three: Walk gracefully from your expensive car or limo without tripping over your heels, or stepping on your date's dress (opposite page, top). Clubs on campus could be deemed a mixture of the old and the new. Mrs. Craig again sponsored the California Scholastic Federation (CSF). Tutoring had been handled by CSF, but was taken over by the Tutoring Club, advised by Mrs. Erhman. Two other old clubs, the Spanish Club and the Letterman's Club, received new advisors in Mr. Daughtery and Mrs. Strickland, respectively. There were also two totally new groups formed in the Science Fiction Club sponsored by Mr. Craig and New Vision, a song and dance group led by Mrs. Witte.

Clubs carried on a number of diverse and interesting activities. CSF had a special Disneyland night in the spring. Tutoring did just what the name implies, helping out other students with school work. The Lettermen planned an attendance of professional athletic contests. New Vision performed at the Leadership Dinner in December and at some local Christian Colleges. The Spanish Club expanded their knowledge of the culture and language through various activities, and the Sci-Fi Club planned on attending several movies, including "Dune."

It was a time for carrying on traditions, as well as establishing new ones.

The first few months of school kept the Student Council extremely busy. Being responsible for the planning and funding of homecoming week, as well as assuring its success could not have been an easy task. However, student body president Karen Hofmann carried it off with ease, in spite of a broken leg. The Christmas season was a busy one for the student council, with the first semi-formal Christmas Dance, in addition to the annual sale of See's Candy. With the money they raised, it enabled them to donate \$500 towards the cheerleader's trip to Dallas. Student Council sponsored events in the latter part of the year including the annual Car Show and Talent Show. Thanks Mr. Ludtke!

Student Council Officers: Ana Reynosa — Secretary, Michelle Earle — Vice President, Mr. Ludtke — Advisor, Karen Hofmann — President, Corinne DeAngelis — Treasurer.

Yearbook is hard for just one person to explain, so everyone put something in.

Michelle Earle: "It was a fun class; it gave me a chance to do something for the school at the same time."

Rhonda Gray: "It was a great experience for seniors; you got to see life at L.H.S. and put it into your own words."

Tammy Hoffman: "It's a great class and everyone should take it because Mr. Craig is the coolest teacher I know, next to his mom."

Shannon Dugan: "The funniest sing-along I ever had."

Tommy Jaeger: "Being the ultimate stud, I deem it necessary to tell you that this class is worth taking."

Julie Howard: "The class isn't what I expected, but that's ok because I love Mr. Craig and being one of John's angels."

Becky Perling: "IT was inspirational."

Donna Sheets: "Broccoli."

Todd Dow: "It was a fun class because it will help me become a professional photographer."

What's Going On

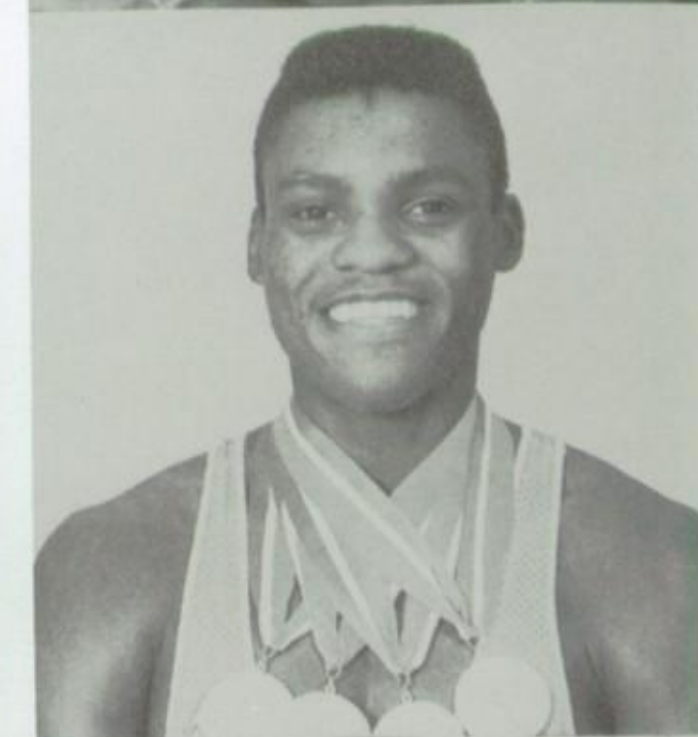

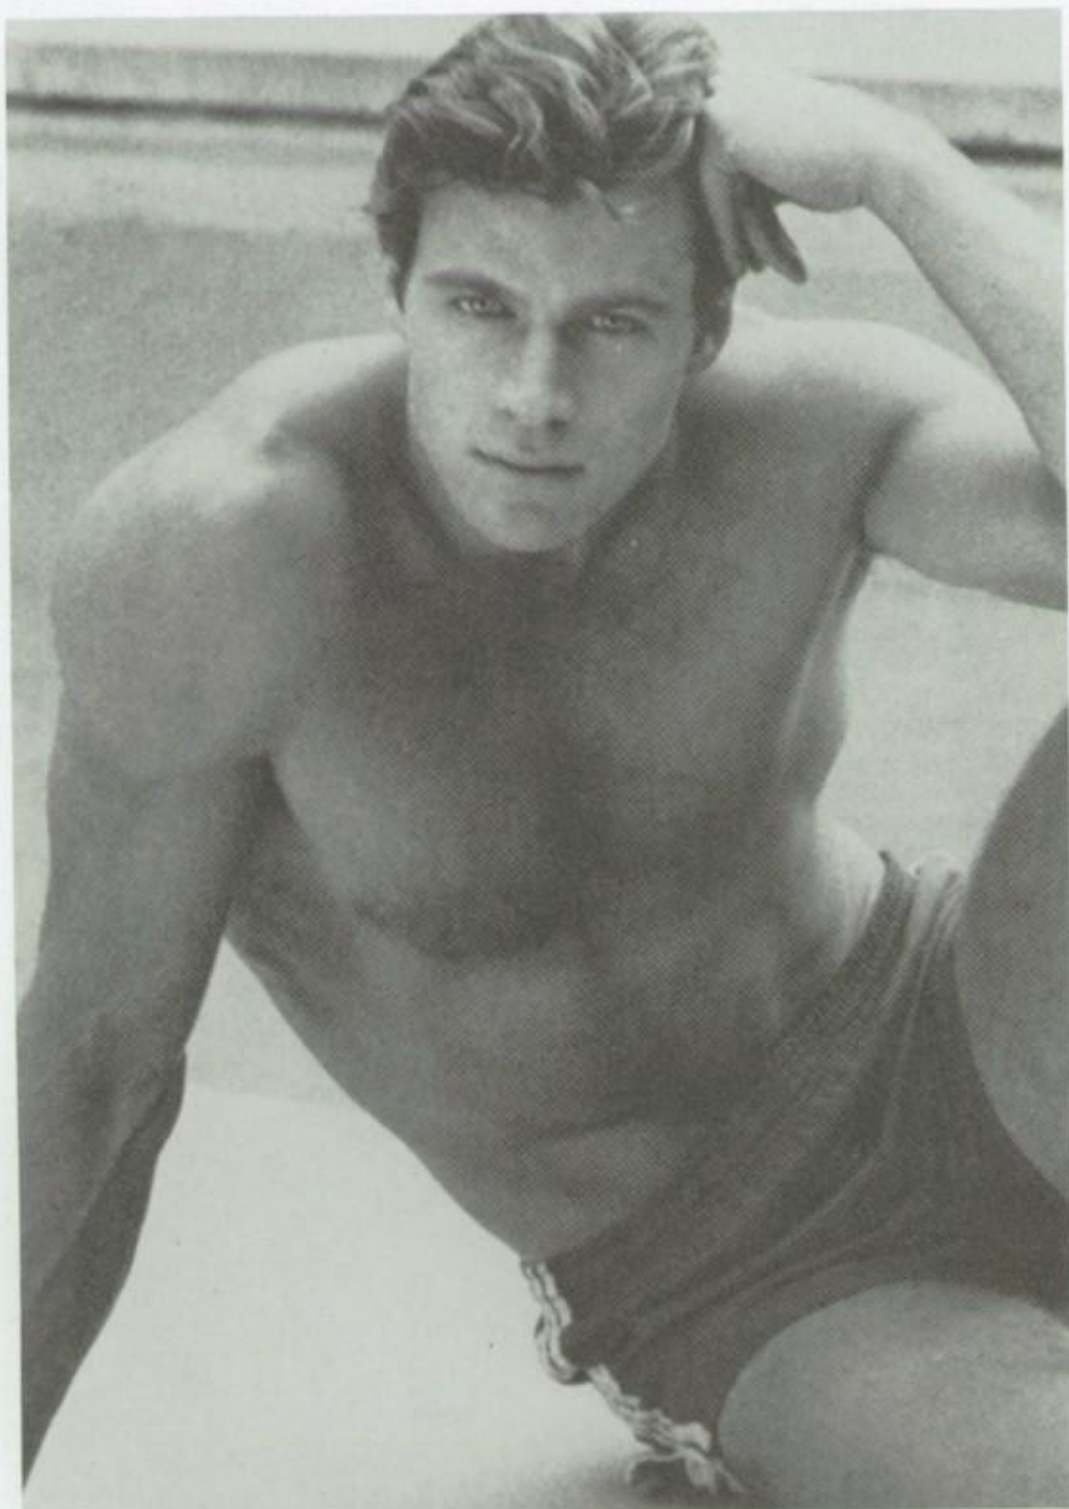

— Adam Ant

Once again, Ronald Reagan emerged victorious from a Presidential election, defeating Walter Mondale and his controversial running mate, Geraldine Ferraro.

This year also saw the assassination of Indira Ghandi, Prime Minister of India, as well as the devastating famine that overtook much of Africa, which brought aid from many groups and individuals, among these being the various musicians that combined their talents to form Band-Aid and USA for Africa, as well as others.

The Los Angeles area saw the summer Olympics take place, as well as the placing of a baboon heart into the chest of little Baby Fae, which caused protest from various organizations concerned with the rights of animals.

The tragic death of Jon-Erik Hexum brought grief to many. The young actor, while on the set of "Cover Up" accidentally, though fatally, injured himself with a blank from a prop gun, rendering him brain dead almost instantly. The tragedy was in the senseless waste of the beauty and talent given to Jon-Erik.

Relax

Whew! We never thought this year would end!! Thank you to our fabulous staff for being so understanding, even when we didn't really know what we were doing. Tommy, Todd, and Chad — thanks for doing your best with the pictures; John and John — what would we have done without your fantastic copy?; Tracy and Donna — thanks for making the class fun with your pep (and **spunk!!**); Rhonda and Shannon — you were the ones we could always count on; Michele, Karen, and Jeannie — thanks for getting your work in eventually (between algebra assignments!); Becky and Julie — thanks for doing even the stuff you didn't want to do; and last but not least, Tom — thank you for putting our ideas on paper for the opening and closing sections. No, Mr. Craig, we didn't forget about you! Thanks for everything, and Konnie, we love you! We would never have lasted out the year if not for you!

Thank you for not Smoking

People who don't smoke are better life insurance risks than people who do.

And we don't think that you — a nonsmoker — should have to pay the same rates as someone who smokes.

If you're a nonsmoker, you can now buy any of AAL's life insurance plans at reduced rates.

Ask about AAL's nonsmoker rates today.
